Lr.No. TSBCL/MIS/Form2/2016-17/ 3348 Date : 18.02.2017

// CIRCULAR No : 117 //

**Sub : MIS section – Implementation of F2 breakages in
HPFS Depot software – Version 12.0 Released – Reg.**

This is to inform that the Corporate office is releasing version 12.0 comprising the following changes in the software :-

1. Changes in the Form-2.
2. BEER part bottle billing.

1. Changes in Form-2 :

Presently, the broken bottles detected while delivering the stocks are recorded as F2 breakages and replaced with a new good bottle. The HEAL of the damaged bottle and the HEAL of the replaced bottle are both scanned.

Henceforth only the HEAL of damaged / broken bottle need to be scanned to record as F2 breakage and there is no need to replace such broken / damaged bottle.

The damaged / broken bottle with HEAL intact should be preserved till destruction as per existing procedures.

A new document "Proforma-Invoice" is incorporated. Based on the "Proforma-Invoice" the stocks may be delivered. On scanning the broken / damaged bottles final ICDC should be generated where F2 damages are accounted for.

2. BEER part bottle billing:

Option to bill part case of Beer is made available.

The version 12.0 is updated in all the IMFL depot servers and software is ready for use. If any bugs are noticed in the new version, the Chief Managers / Managers may report to MIS section, C.O for rectifying the same with the assistance of M/s CTEL.

These instructions come into force w.e.f 20.02.2017.

The Receipt of the circular may be acknowledged.

(By Orders of Managing Director)

GENERAL MANAGER(MIS)

To
All the Chief Managers / Managers of IMFL Depots.

Copy to GM (MM & Excise).

CC : M/s CTEL for updating the software and implementing.
